Mr. Richard G. Schweers, Chairman
Board of Fire Commissioners, Estero FD
21500 Three Oaks Parkway
Estero, FL 33928

RE: Estero FD, Lee County, FL
Public Protection Classification: 3/8B
Effective Date: May 1, 2008

Dear Chairman Schweers:

We wish to thank you, Fire Chief Jeffrey Lindsey, Mr. Mel Fisher and Mr. Rick Diaz for your cooperation during our recent Public Protection Classification (PPC) survey. ISO has completed its analysis of the structural fire suppression delivery system provided in your community. The resulting classification is indicated above.

Enclosed is a summary of the ISO analysis of your fire suppression services. If you would like to know more about your community's PPC classification, or if you would like to learn about the potential effect of proposed changes to your fire suppression delivery system, please call us at the phone number listed below.

ISO is the leading supplier of data and analytics for the property/casualty insurance industry. Most insurers use PPC classifications for underwriting and calculating premiums for residential, commercial and industrial properties.

The PPC program is not intended to analyze all aspects of a comprehensive structural fire suppression delivery system program. It is not for purposes of determining compliance with any state or local law, nor is it for making loss prevention or life safety recommendations.

If you have any questions about your classification, please let us know.

Sincerely,

Anne M. LeTourneau
