Re: New Fire Station

Estero Fire Rescue is proud to announce that Fire Station 45 located at 18743 Corkscrew Road is open to serve the public. Please note that this station is manned 24 hours a day by paid professional firefighters.

If you live in the subdivisions of The Place or Verdana, please notify your insurance carrier that your ISO rating has changed to a Class 2.

All other property owners who are within 5 road miles of the new fire station and are within 1000 feet of a fire hydrant are also eligible for a Class 2 rating.

If you are not sure of how far you are from the new fire station or a fire hydrant, please feel free to contact me at 239-390-8000.

Respectfully,

Phillip Green
Fire Marshal
